## RECOMENDATION LETTER

Dear members of the IYSF:

I strongly recommend Svetlana Corte as a candidate to the Executive Board of the IYSF for the next elections coming in December 3<sup>rd</sup> 2018 to be held in China.

Svetlana has been instrumental in ensuring the continuity of the process of the Chilean Yoga Federation during the last three years, applying all her skills as a sport director.

Svetlana comes from a family deeply involved in the development of federated sport in Chile, something that proved to be of immense importance when the Chilean Federation faced recent difficult times, pledging her voluntary work and excellent disposition to resolve legal and logistical problems.

Svetlana is also suited for this position as she has been an athlete herself, participating in our National Yoga Championships and the Bishnu Ghosh Cup in the past. She has been my student for many years and a trainee as well.

Svetlana is also a certified International Judge of the IYSF and is currently involved as a coach for different athletes that will compete in our National tournament this year.

She is fluent in English and her eventual participation in the E.C. could ensure maintaining direct communication with the South American process and would bring a fresh and young energy to the organization.

Yours sincerely

Pablo Sandor  
Founder & Director  
Bikram Yoga Chile
